LITTLE BIG SHACK

Interior design of a restautant

2024

Delivered in 2025
Villenave d’Ornon, France (33)
617m²
Client: NC

A relaxed atmosphere, the spirit of vacation.

The space is organized around a large central counter with curved lines, and the venue's verticality is used to full advantage to install an immersive decor entirely sourced and brought back from Florida.

The furniture layout favors a variety of uses: communal tables, banquettes, and high seating accommodate both groups and passing visitors alike. The long wooden tables, arranged along the axis of the room, reinforce the idea of an open, shared space, evoking the great picnic tables of summer vacations. Together, these elements create a welcoming, legible space, where the architecture supports a collective experience that is simple and generous.
